

# DYSLEXIA RESEARCH!

## Understanding the Emotional Experiences of Students who have received a Dyslexia Diagnosis during Adulthood

**We are looking for people who:**

- ❖ Are 18 or over
- ❖ Are currently a university student in the UK
- ❖ Received a dyslexia diagnosis during adulthood
- ❖ Speak English as a first language

### What is the research about?

We want to understand what factors affect the well-being of university students with dyslexia.

1. **If interested, please scan the QR code or use the link:**  
[https://surreyfahs.eu.qualtrics.com/jfe/form/SV\\_6s7WLOi7siHJvyC](https://surreyfahs.eu.qualtrics.com/jfe/form/SV_6s7WLOi7siHJvyC)
2. **Access the participant information sheets**
3. **Complete and sign the consent form**
4. **Complete the demographics survey which will take 10 minutes**
5. **Attend a 90-minute interview via Microsoft Teams**
6. **Receive a £20 voucher for taking part!**

For more information, please contact the lead researcher: **Shani Sephton (She/her), Trainee Clinical Psychologist** Email: [s.sephton@surrey.ac.uk](mailto:s.sephton@surrey.ac.uk)

**\*Please use your university email address to help us confirm your student status.**
