By Car

The M53, M56, M6 and A483 are all in close proximity to Chester providing excellent transport links.

If you are travelling to us by car, search for 'Axia ASD Ltd' in your satnav/maps app. We are located next to the Wheatsheaf pub and the King Kabs taxi rank, and there is a small bus stop directly outside our gate. If you drive past us, please do not worry as there are places that you can turn around regardless of which direction you are coming from.

There is a long red brick wall with green gates outside our building.

Please see below image of the entrance to Axia:

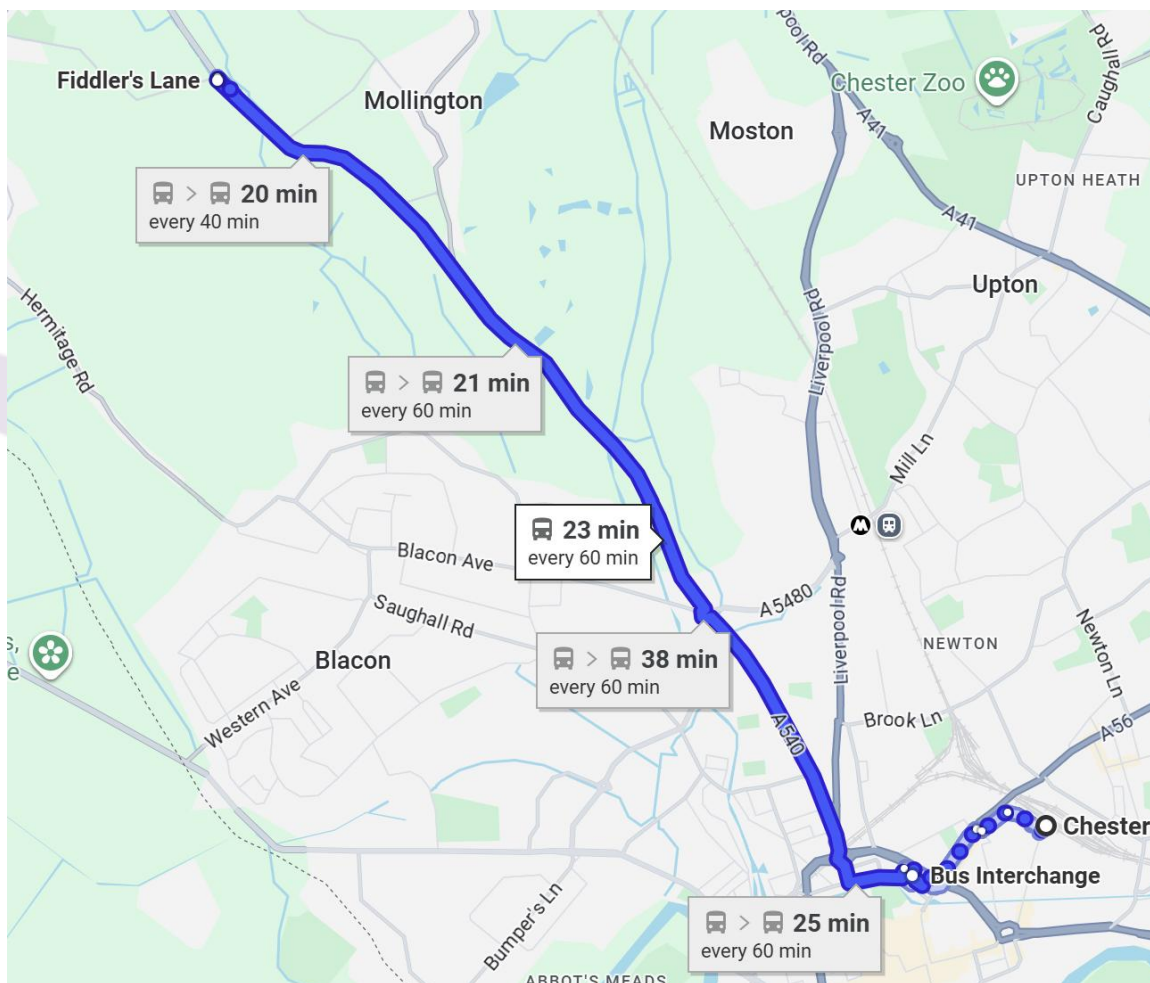

From Chester Railway Station / Bus Interchange

If travelling by train, get off at Chester Railway Station. The railway station is a short taxi ride to Axia. There is a taxi rank outside the train station.

Alternatively, you may wish to get the bus from Chester Bus Interchange. This is around a 12-minute walk away from the railway station. If you would prefer not to walk, you can get the X4 Mold bus from stop S4 at the railway station which will take you to Chester Bus Interchange. This takes around 4 minutes.

From here, you should get the number 22 bus (for West Kirby) and get off at the Fiddler's Lane bus stop. Depending on the time of day this may take between 10 and 20 minutes. You will pass the Axia building just as you are pulling into the Fiddler's Lane bus stop. Please take care when crossing this road as there is a 50mph speed limit.

There is a long red brick wall with green gates outside our building.

What to do if you Arrive Early

Please note that we do not have a waiting room. If you arrive early for your appointment, you may wish to:

- Wait in your car in the car park.
- Wait in Stonehouse/The Wheatsheaf Inn (next door), where they serve tea, coffee and food. We have a good relationship with the staff there and they are happy for our guests to use their facilities.
- Go to a nearby café. Turn right out of our gates and follow the road to the BP garage, Starbucks and Subway are located behind the garage and Greggs is inside the garage itself.
